Dear Sir:

In accordance with 37 CFR 1.56, 1.97 and 1.98, Applicant requests the Examiner to make of record the documents listed on the attached PTO/SB/08 form. As provided in §1.97(g), no representation is made or intended that a thorough art search was made. As provided in §1.97(h), this Information Disclosure Statement does not constitute an admission of any kind, and specifically is not an admission that the documents listed on the attached form PTO/SB/08 are, or are considered to be, material to the patentability of the above-identified patent application, as defined in. §1.56(b).

This Information Disclosure Statement is being submitted in accordance with 37 CFR 1.97(c)(1). Applicant states that the items of information contained in the Information Disclosure Statement were first cited in a communication from a foreign patent office in a counterpart foreign application (in Canada) not more than 3 months prior to the filing of this statement. Therefore, no fee is believed to be due.

Additionally, this Information Disclosure Statement, submitted under 37 C.F.R. §1.97(b)(4), is being filed before the mailing of a first Office Action after the filing of a Request for Continued Examination. Therefore, no fee is believed to be due.

This submission does not represent that a search has been made or that no closer art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claim in the application and Applicant determines that the cited documents do not constitute "prior art" under United States law, Applicant reserves the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicant further reserves the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application.

Respectfully submitted,  
For: Jianjun CUI
